ACTIVITIES/PROGRAMS

AIDS Awareness Program

(01/12/2023)

On December 1st, 2023, Dr. YSR Government Degree College in Vedurukuppam hosted a significant AIDS awareness program, marking World AIDS Day. The event served as a pivotal platform to educate and empower students about the prevention and management of HIV/AIDS.

Organized with meticulous planning, the program featured informative sessions led by healthcare professionals and experts in the field.

Through engaging presentations, interactive discussions, and informative materials, attendees gained crucial insights into the importance of safe practices, destigmatization efforts, and accessing healthcare resources.

Moreover, the event fostered a sense of community and solidarity in combating the disease, emphasising the role of education and awareness in addressing the global HIV/AIDS epidemic. Dr. YSR Government Degree College's commitment to such

initiatives underscores its dedication to holistic student development and societal welfare.

The day began with a vibrant rally that saw enthusiastic participation from both students and faculty, marching through the main campus with banners and slogans

promoting AIDS awareness. The highlight of the event was the formation of a human chain, symbolising unity and solidarity in the fight against AIDS. This powerful visual statement underscored the collective commitment to support those living with HIV and to work towards prevention.

The day's activities culminated in a series of insightful speeches by our lecturers, who discussed the latest information on HIV transmission, prevention strategies, and the importance of empathy and support for those affected by the disease. Their

presentations were both informative and inspiring, emphasising the role of education in combating stigma and fostering a

supportive environment for everyone.

National Literacy Day Celebrations

(02/12/2023)

National Literacy Day at GDC, Vedurukuppam, was a vibrant celebration aimed at highlighting the importance of literacy in personal and societal development.

The event kicked off with an inspiring speech from the college principal, who emphasised the transformative power of education and the pivotal role literacy plays in empowering individuals and communities.

Various activities were organized to engage students and faculty alike, including essay writing and elocution competitions focused on the theme of literacy. The highlight of the day was a cultural program that featured skits, dances, and songs, all centered around the importance of reading and education.

Additionally, a book donation drive was conducted, encouraging participants to contribute books to the college library, thereby fostering a culture of reading and learning. The day concluded with the distribution of prizes to the winners of the competitions, reinforcing the message that

literacy is a key to unlocking potential and achieving success.

National Mathematics Day Celebrations

(22/12/2023)

National Mathematics Day was celebrated

with great enthusiasm at GDC, Vedurukuppam on December 22, 2023. The event was orchestrated by the Department of Mathematics under the aegis of the Internal Quality Assurance Cell (IQAC), aiming to honor the birth anniversary of the

legendary mathematician Srinivasa Ramanujan and to ignite a passion for mathematics among students. The celebrations began with an inaugural speech by the college principal, who emphasized the significance of mathematics in various fields and its profound impact on scientific and technological advancements.

The essence of the day was to not only pay tribute to Ramanujan but also to encourage students to delve deeper into the subject and explore its myriad applications. A series of engaging activities were organized throughout the day, with the highlight being the chart preparation competition. Dr S Rushma, HOD of Mathematics said, this

competition witnessed enthusiastic participation from students across different years, showcasing their creativity and understanding of mathematical concepts.

The prizes were awarded to the top three charts, with the first prize going to a team that had brilliantly depicted the concept of fractals and their applications in nature and technology.

National Consumers Day Celebrations

(26/12/2023)

National Consumers Day was celebrated with great enthusiasm at GDC, Vedurukuppam on December 26, 2023. The event, organized by the Department of Commerce under the aegis of the Internal Quality Assurance Cell (IQAC), was dedicated to raising awareness about consumer rights and responsibilities.

The celebration commenced with an inaugural address by the head of the Department of Commerce, who emphasized the vital role of consumer rights in safeguarding public interest and promoting ethical business practices. Highlighting the theme of this year's National Consumers Day, "Empowering Consumers through Clean Energy Transitions," the head underscored the need for consumers to be informed about sustainable consumption choices and their impact on the environment.

The day's activities were designed to educate students and the community about the importance of consumer protection and to honor the significance of informed consumer choices in fostering a fair and transparent marketplace.

A series of enlightening sessions and interactive activities were organized throughout the day, starting with a keynote lecture by a renowned consumer rights activist. The lecture covered various aspects of consumer protection laws, the significance of the Consumer Protection Act, and recent amendments aimed at enhancing consumer welfare.

Awareness Program on Internship by Saatva InfoTech

(28/12/2023)

The IQAC of Dr. YSR Government Degree College, Vedurukuppam, organized an insightful awareness program on internships, featuring Mr. Satya Kumar, the esteemed director of Sannidhi InfoTech, Tirupati, and SAATVA InfoTech director, Tirupati, were the Chief guests.

The program aimed to educate students about the crucial role internships play in bridging the gap between academic knowledge and real-world experience.

Mr. Satya Kumar, with his extensive industry expertise, delivered a compelling address on the benefits of internships, highlighting how they provide practical

skills, professional networking opportunities, and a competitive edge in the job market.

He shared valuable insights on how to choose the right internship, prepare an impressive resume, and make the most of the internship experience. The interactive session saw enthusiastic participation from students who were keen to understand the intricacies of the internship process. The event concluded with a Q&A session, where Mr. Satya Kumar addressed various queries from the students, providing them with practical advice and motivation to pursue meaningful internship opportunities.

The program was a significant step towards enhancing the employability skills of the students and preparing them for successful careers.

The program commenced with a welcome address by the College rincipal, who highlighted the importance of internships in today's competitive job market. Emphasising the objectives of the program, he underscored the need for students to gain hands-on experience and develop professional skills that complement their academic pursuits.

In addition to the keynote address, the program included a workshop segment where students were given tips on networking and professional etiquette.

ఇంటర్నెషివ్ తో ఉపాధిని పెంచుకోవాలి

మాట్లాడుతున్న యశ్వంతే

The Science Departments of Dr. YSR Government Degree College, Vedurukuppam, organized an enlightening industrial visit to the Mother Dairy plant in Tirupati. This visit aimed to provide students with a practical understanding of dairy processing and the various scientific principles applied in the industry.

The visit began with a warm welcome from the Mother Dairy staff, who provided an overview of the company's history, mission, and the significance of dairy products in our daily lives.

students observed the pasteurisation process, which involves heating the milk to a specific temperature to kill harmful bacteria without affecting the nutritional value of the

milk. They learned about the importance of maintaining strict hygiene and safety standards to ensure the quality of the dairy products.

The students were then given a comprehensive tour of the facility, starting from the milk reception area where raw milk is collected and tested for quality.
