VEDURUKUPPAM, CHITTOOR DISTRICT, A.P.**

THE ALUMNI ASSOCIATION

Coordinator: Dr. Vayila Nageswara Rao

M.A., M.Ed., M.A., UGC NET (Eng.), UGC NET (Edu.), AP SET (Eng.), AP SET (Edu.), Ph.D.

An Alumni Tour to Kerala and Tamil Nadu.

With the advice of our Principal Dr. B. Annapurna Sarada madam, the coordinator of the ALUMNI association Dr. Vayila Nageswara Rao and the coordinator of the NSS Dr. C Mangala Gowri planned a tour with the students of Alumni association.

The Alumni Association of Dr. YSR Government Degree College recently organized a memorable tour, bringing together old students and their beloved lecturers, Dr. V. Nageswara Rao, Dr. C Mangal Gowri, and Mr Srinivasa Rao. This journey was not merely a pleasure trip, but also a celebration of lasting bonds between teachers and students, and an occasion to relive the spirit of the college days.

The start of the journey

The lecturers Dr. V. Nageswara Rao, Dr. C Mangal Gowri, and Mr Srinivasa Rao at a tea-plantation in Munnar-Western Ghats-Kerala

The tour commenced with great enthusiasm as the group set out to explore some of the most beautiful and historically significant places in South India. Their first destination was Munnar, the scenic hill station of Kerala. The old students, along with their lecturers, enjoyed the refreshing climate, sprawling tea gardens, and breathtaking landscapes. The serenity of the hills provided the perfect setting for the alumni to reconnect, share memories, and cherish the guidance of their teachers.

The lecturers and the students talk about the bio-diversified nature of the Western Ghats-Kerala.

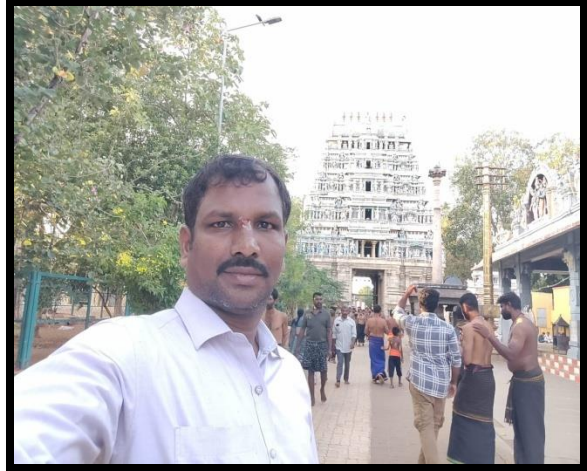

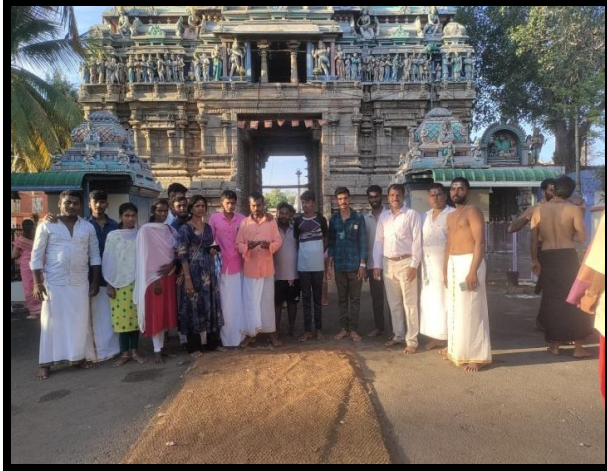

From Munnar, the group traveled to Cochi (Kochi), the vibrant port city known for its cultural diversity and historical heritage. The alumni explored Fort Kochi, the Chinese fishing nets, and various art and cultural spots that showcased Kerala's rich traditions. The teachers shared

insightful observations, turning the tour into an educational experience as well.

The students are enjoying the nature at the sea-coast at Cochi beach.

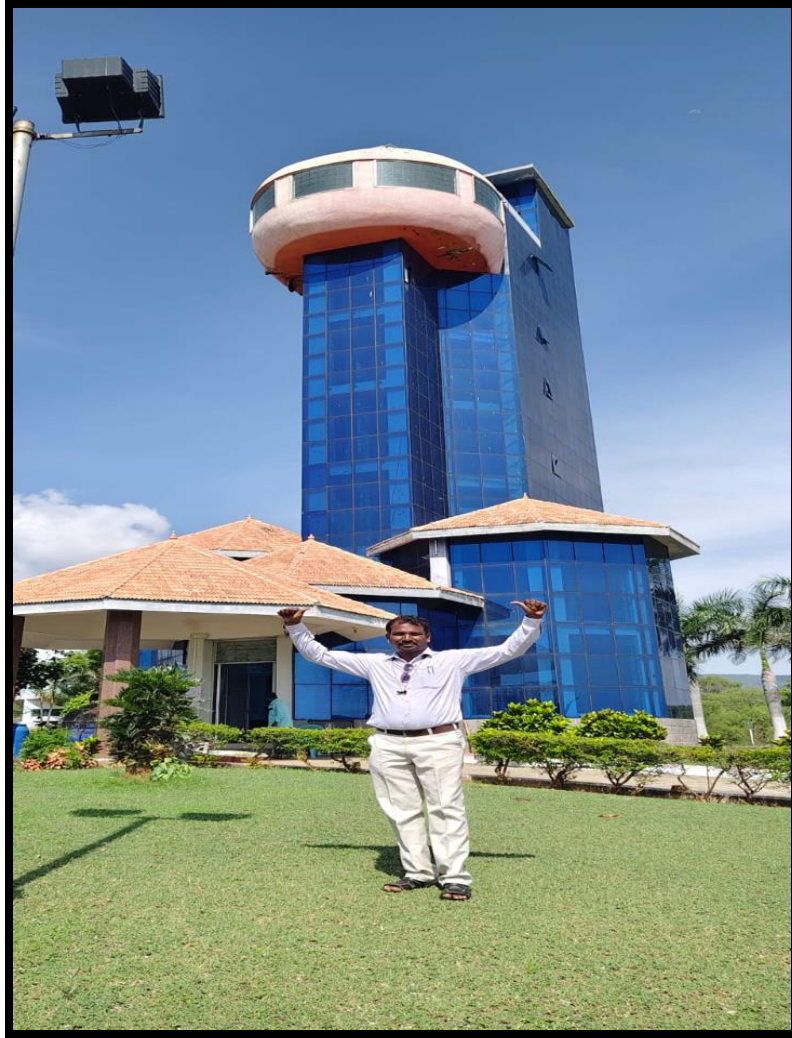

The journey then extended to Tamil Nadu, where the group visited Bhavani and the Mettur Dam. The sight of the mighty dam, an engineering marvel, left the participants inspired. It became a moment of reflection on how human effort and natural resources together can create wonders. At Bhavani, the group paid respect at the famous temples, experiencing a blend of spirituality and culture.

The lecturers Dr. V. Nageswara Rao, Dr. C Mangal Gowri, and Mr Srinivasa Rao along with the students at the temple- BHAVANI- Tamilnadu.

DAM- Tamilnadu**

Throughout the tour, the presence of lecturers Dr V. Nageswara Rao, Dr. C Mangal Gowri, and Mr Srinivasa Rao added a special warmth. Their active participation, guidance, and camaraderie reminded everyone of the cherished days spent in classrooms and on campus. The alumni expressed gratitude for the opportunity to once again learn from their teachers, this time outside the walls of the college.

The students are enjoying at the CAMP-FIRE in Metturu-Kerala

The careful and cautious instructions of our Principal Madam, The advice of the NSS COORDINATOR and The planning of the Alumni Association deserve special appreciation for organizing this trip with meticulous planning and successful completion. From travel arrangements to accommodation, every aspect was well managed, making the tour a smooth and joyful experience for all. More than sightseeing, the journey symbolized the strong bond between students and teachers that transcends time.

Students are at LULU MALL in Cochi- Kerala

The ALUMNI coordinator Dr. V. Nageswara Rao is in the nature in Metturu-Kerala

In a nutshell it can be said that the tour to Munnar, Cochi, Bhavani, and Mettur Dam was a resounding success. It was a celebration of friendship, gratitude, and shared experiences. The old students of Dr. YSR Government Degree College, along with their esteemed lecturers, returned not just with memories of beautiful places but also with renewed inspiration to strengthen the alumni network and carry forward the legacy of their beloved institution.

Benefits of visiting Mountains & Hill Stations

Natural Beauty & Relaxation – Scenic landscapes, fresh air, waterfalls, and greenery provide peace of mind and reduce stress.

Adventure & Fitness – Activities like trekking, hiking, paragliding, and camping improve physical fitness and stamina.

Cool Climate – Offers relief from hot summers and urban heat.

Biodiversity – Rich in flora and fauna, making them great for nature lovers, bird watchers, and photographers.

Cultural Exposure – Many hilly areas have unique traditions, handicrafts, and cuisines.

Benefits of visiting Beach Towns (Coastal Tourism)

Relaxation & Fun – Calm sea waves, sunbathing, and sandy shores help in reducing mental fatigue.

Water Sports – Opportunities for swimming, surfing, snorkeling, diving, and boating encourage active lifestyles.

Health Benefits – Sea breeze and sunlight (Vitamin D) can boost immunity and improve mood.

Social & Nightlife – Beach towns often have vibrant nightlife, music festivals, and seafood cuisines.

Marine Exploration – A chance to explore marine life, coral reefs, and fishing traditions.

Benefits of visiting Industrial Areas (Industrial Tourism)

Educational Value – Visitors (students, researchers, professionals) can learn about manufacturing processes, technology, and innovation.

Career Inspiration – Helps students and young professionals explore career opportunities in different industries.

Economic Awareness – Provides insight into how industries contribute to a region's economy and development.

Skill Development – Exposure to industrial processes enhances practical knowledge beyond textbooks.

Cultural & Historical Value – Some industrial areas preserve heritage factories, mines, or workshops showcasing human progress.

In short:

Hilly Areas → Health, adventure, relaxation.

Beach Towns → Fun, leisure, marine exploration.

Industrial Areas → Knowledge, career growth, awareness.
